BALTIMORE—FRIDAY, NOVEMBER 26, 1829.

Distant Adventurers again successful

The drawing of the 7th MARYLAND STATE LOTTERY for 1829, took place yesterday, as previously announced. The official list of the prizes accompanies this day's Register—it will be found on the next page. The Capital Prize of TEN THOUSAND DOLLARS came out to an EVEN NUMBER, (9728) This Ticket we had divided into Quarters, and we are gratified that our friends at a distance have participated in the good luck which has resulted therefrom; One Quarter we sent to South Carolina—One Quarter to Virginia—One Quarter to Washington City—the other Quarter is held in Baltimore. We should be pleased to receive permission from the fortunate holders to mention their names, and if granted us, we shall avail ourselves accordingly: in the mean time we congratulate our distant friends on their continued success at our Office—the CASH, as usual is ready whenever it may suit their convenience to present their tickets, either in person or by mail.

The THOUSAND DOLL. prize was sent in a whole ticket to Alexandria—The FIVE HUNDRED DOLL. prize was divided in shares, One Half sent to Cincinnati—One Quarter to Charleston Va.—the other Quarter to Pickaway County, Ohio. The FOUR HUNDRED DOLL prize is owned by a merchant of Louisville—The TWO HUNDRED DOLL prize is held in Baltimore. The Hundreds and Fifties are widely distributed, part in whole tickets and part in shares and are held in Baltimore, Philadelphia, Richmond, Fredericksburg, Petersburg, Martinsburg, and Culpeper, in Va. Windsor, N.C.—Mount Pleasant, Ohio—Marietta and Bellefonte, Pa.—Winchester, Ky. and Huntsville, Alab.

The Next Scheme (No. 8.) also accompanies this day's Register. We invite to it the attention of our friends and the public.

Another Capital of 10,000 Dols.

We present on the next page, Scheme No. 8, for 1829, of the MARYLAND STATE LOTTERY, which is to be drawn at the earliest period, so as to afford the opportunity of investments by our friends at a distance, the day being fixed for the 30th of December, when it will take place in the City of Baltimore. The scheme is on the ODD AND EVEN SYSTEM, which the Commissioners continue in consequence of its unrivalled popularity—in fact, the very small risk attending investments gives it the decided preference over all other modes of drawing; there being a certainty of an adventurer receiving at least One Half (less the 15 per cent. to the State) of his money back, which in case of not drawing any of the capital prizes, is a matter of some importance; the capitals, being in the first instance, his object. The small number of Tickets in the scheme, is also an advantage of much consideration and gives an increased chance compared with many other lotteries. As heretofore, the orders of distant adventurers will meet our accustomed prompt attention.

Whole Tickets, \$5 00 | Quarters, - \$1 25

Halves, - - 2 50 | Eighths, - - 62 cts.

Orders from any part of the United States, either by mail, post paid, or private conveyance, enclosing the Cash or Prize Tickets, will meet the same prompt and punctual attention as if on personal application. Address to

WASHINGTON MONUMENT.

The colossal Statue of Washington, was yesterday elevated to the top of the column in the presence of a splendid military array, and many thousands of spectators. So exact and master-like had been the previous arrangement of the necessary machinery for the elevation, that all things progressed to the completion without the least accident or delay.

The pillar and statue form together the largest structure of the kind, we believe, in the world; and the elevation of the latter to its destined position, at the height of an hundred and sixty feet from the ground, was a highly curious and interesting spectacle. The pillar is intended to be of the Greek Doric order, of massive proportions. It stands on a grand base or zocle, and is surmounted by a circular pedestal, on which the statue is now placed. This base or zocle is fifty feet square, and twenty five high; the column is twenty feet in diameter, and with its sub-base, one hundred and thirty feet high, the capital is twenty feet square. The statue is fifteen feet high, and the whole height of the monument from the pavement including the statue, will be one hundred and seventy-six feet. As it stands on a hill one hundred feet high, this structure rises two hundred and seventy-six feet above tide. It is constructed of white marble, slightly variegated, and is already a very conspicuous object to every one approaching the city, whether by land or water. The statue will render it still more so, and will of course give finish and beauty to the whole.

The attitude given to the figure represents the great man to whom the monument is dedicated, in the act of resigning his commission, and the authority with which he had been invested by his country, again into the hands of the people, having accomplished a great object of his appointment, the freedom and independence of the union.

The monument stands at the intersection of four streets, which on their approach to it are increased in width, so as to allow a full view of it. Though the area might have been larger with advantage, it is not every public work that has on the whole, a more advantageous position. A part of this area is to be enclosed, and planted with shrubbery, and the monument is to be encircled with a massive iron railing, three hundred and fifty feet in circumference, opened on the four fronts by iron gate-ways, and ornamented with lamp-stands.

The ascent to the summit of the monument, or rather to the capital, is by two hundred and twenty-eight marble steps, winding round a solid pillar constituting the core of the column.

By a statement in the last New York Price Current, the total amount of the Cotton crops for the past year, is estimated at 870,415 bales—being an increase compared with last year, of 142,822 bales:—

Total crop of 1824-5	569,259 bales.
Do do 1825-6	720,027 do
Do do 1826-7	957,281 do
Do do 1827-8	720,593 do
Do do 1828-9	870,415 do

CONSUMPTION.—To estimate the quantity manufactured in the United States, we take the

Total Crop for the year past, - 870,415 bales,
Deduct therefrom—The export to Foreign Ports, 749,000
Stocks on hand in the Southern Ports, 16,562

—765,562

And assume that the quantity in the Northern Ports was the same as last year, it results that the consumption was 164,553

Estimated consumption for 1827 8 120,593

Do do 1826-7 103,483

NOTE.—The quantity on hand in the Northern ports at the close of last year is believed to have been much greater than the present. It is probable, therefore, that the actual manufacture has varied but little.

No. 9728, an Even Number,

Having drawn the Capital Prize of TEN THOUSAND DOLLARS; agreeably to the Scheme, every Even Number in the Lottery is entitled to a Prize of FOUR DOLLARS, and in addition to whatever sum any of them may have drawn besides.

All Tickets with Numbers ending 2, 4, 6, 8, or 0, are those entitled to the Four Dollar Prizes.

All Tickets ending with 1, 3, 5, 7, or 9, and not to be found amongst the above, are Blanks.

NATH'L F. WILLIAMS,
WILLIAM R. STUART,
EDWARD HUGHES, } Commissioners.

Countersigned,

THOMAS SPICER, Clerk.

It will be noticed that many Tickets have obtained TWO PRIZES EACH!—For example: No. 3066, (see list above) having drawn *Fifty Dollars*, and being an Even Number, is entitled to a prize of *Four Dollars* also; therefore, No. 3066 will receive *Fifty-four Dollars*, &c. Again, No. 1480, (see list above) having drawn *Ten Dollars*, and being an Even Number, is entitled also to a *Four Dollar* prize; consequently, No. 1480 will receive *Fourteen Dollars*, and so on.

The fortunate holders of Prize Tickets, are respectfully requested to hand, or send, them in for payment, as early as may suit their convenience.
